SUBJECT : Concurrence in Amendment No. 7 to Contract
No. TE-2191 with Edgerton, Germeshausen and
Grier, Inc.,
Project OYCAL

1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 5.

2. Contract No. TE-2191 covers in part establishing, maintaining and operation of [redacted] in support of Project OXCARE. Amendment NO. 4 provided funding for a six month period for this work (Project 2250). Due to increased activities, it is necessary to provide additional funding at this time.

2. Amendment No. 7 provides for an additional amount of chargeable to FY 1960 OXCART funds. This Amendment No. 7 is being executed in accordance with the provisions of Paragraph 2 of DD/P-4-6866 memorandum dated 1 September 1959. This work is also included in Program Approval OXCART 0056 dated 20 October 1959 which is pending review and signature of the DD/P. By concurrence to this memorandum the Comptroller signifies that sufficient funds are available for this obligation.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress, (formerly 10(b) see 85-507 dtd. 7/7/58) for each contract.
